MEGA GUARD

MEGA STAGE

HEAVY-DUTY CRASH BARRICADES

Designed for heavy-duty crowd control, our folding crash barricades (Fig. 1 and 2) will resist a 5-ton push force without collapsing or unlocking.

They fit perfectly with our MEGA-GUARD crowd barriers (Fig. 5), temporary fencing (Fig. 4), and also adapt to regular barricades found on the market (Fig. 3), to create secure and safe perimeters even in the largest venues!

MEGAGUARD™ CROWD BARRIERS

Provides safe and effective crowd control for shows, festivals or any large gathering. Heavy duty 6 gauge welded wire mesh panel welded to 3 sided 16 gauge (1 1/4") tubing. See shared features below.
